## ESSENTIAL CONCEPTS IN STEREOTACTIC TARGET DELINEATION & TREATMENT PLANNING

Our SPOT 2023 Contouring Course features a scientific program collaboration between NCIS Radiation Oncology Department and Asian Alliance Radiation & Oncology (AARO).

This year's course presents an opportunity for both budding and experienced radiation oncologists to hone their practice in **Stereotactic Radiotherapy**. Attendees will be treated to **multidisciplinary talks by key stakeholders in the stereotactic journey** including expert international & regional ROs, physicists, dosimetrists and radiation therapists!

The comprehensive 2-day programme will also feature our **signature hands-on contouring workshop** with 4 stereotactic cases allowing participants to test their contouring skills in the "real-life" clinical setting.

### 4 SPECIALIZED TRACKS

LUNG

PROSTATE

BRAIN

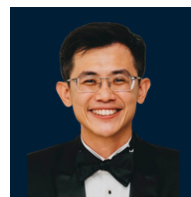

NON-SPINE BONE METS

HIGHLIGHTS from SPOT 2022

## A MULTI-INSTITUTIONAL COLLABORATION

### CONFERENCE CHAIRS

DR TAN TENG HWEE  
Consultant Radiation Oncologist

National University Cancer Institute Singapore (NCIS)

DR MICHELLE TSENG  
Consultant Radiation Oncologist

Asian Alliance Radiation & Oncology (AARO)

### ADVISORY CHAIRS

DR. BALA VELLAYAPPAN  
Senior Consultant

National University Cancer Institute Singapore (NCIS)

DR. DAVID TAN  
Senior Radiation Oncologist

Asian Alliance Radiation & Oncology (AARO)

12:30PM-3:15PM

**3:15-3:45PM CLOSING CEREMONY**

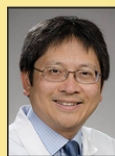

## OUR SPEAKER LINEUP

**PROF SURESH SENAN**  
Professor, Department of Radiation Oncology  
Amsterdam  
University Medical Centers, The Netherlands

**DR HANS CHUNG**  
Radiation oncologist,  
Sunnybrook HealthSciences Centre  
Assistant Professor, University of Toronto

**PROF SIMON LO**  
Professor, Department of Radiation Oncology  
Vice Chair of Strategic Planning  
University of Washington Medical Center

**DR ERIC TSENG**  
Radiation Oncologist, Sunnybrook  
Health Sciences Centre  
Assistant Professor, University of Toronto

**DR ERIC TING**  
Diagnostic Radiologist  
Advanced Medicine Imaging

**DR HARISH MITHIRAN**  
Senior Consultant  
Neumark Lung & Chest Surgery Center

**DR ZHUANG KUN DA**  
Senior Consultant, Department of Vascular and  
Interventional Radiology  
National University Hospital

**MR PHUA JUNHAO**  
Medical Physicist,  
National Cancer Centre Singapore

**DR JAMES HALLINAN**  
Senior Consultant, Radiology  
(Musculoskeletal Radiology, Neuroradiology)  
National University Hospital

**MR CAI SHAO BIN**  
Dosimetry Lead  
National University Cancer Institute Singapore (NCIS)
